Construction Non-Uniformity Complaint Form

This form must be filled out in its entirety and signed to be treated as a complaint.

1. Explain the situation of non-uniformity in detail.
2. Was this a non-uniformity in contract administration, interpretation, testing procedure, etc?
3. Describe the specification or situation and how it was applied non-uniformly. Describe the project, location, and times this occurred.
4. Other comments.

Signature _____ Date _____

Title and Organization _____

- Once completed and signed, **this form is to be submitted to the Construction Engineer**, at the following address:
Montana Dept. of Transportation-Construction Bureau
2701 Prospect Ave., PO Box 201001
Helena, MT 59620-1001
- The Construction Bureau will research the complaint and compile a summary of findings.
- The findings will be distributed to all DCEs to ensure continual process improvements and uniformity.
